

Del Carmen Foods®

EGGPLANT

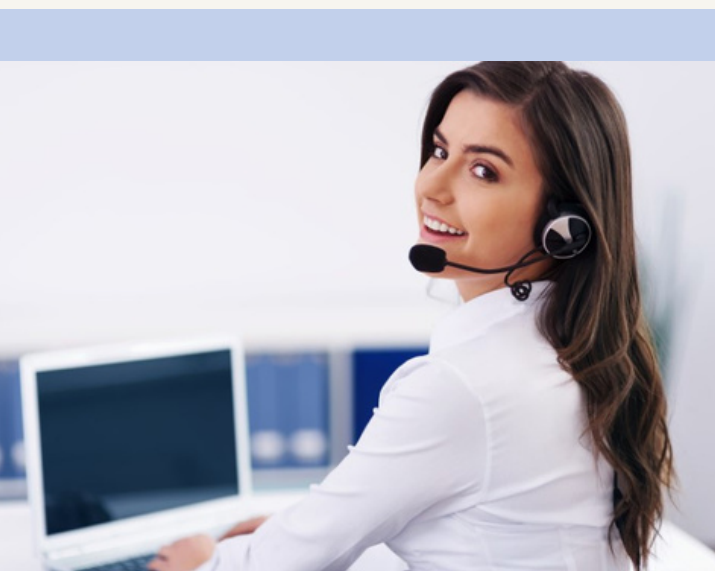

Organic IQF eggplant can also be fire-roasted or naturally processed to reduce its moisture content. Fire-roasting naturally enhances the eggplant flavor and color prior to freezing. IQF reduced moisture eggplant is partially dried to remove excess water, then passed through micro control step to ensure a pathogen-free product and finally quick-frozen to preserve natural flavor and color.

- ☒ Puree
- ☒ IQF Pieces
- ☒ IQF Diced
- ☒ Fire Roasted
- ☒ Reduced Moisture
